

GREAT MIAMI SERVICES

fact sheet

OVERVIEW

Great Miami Services is a safe residential facility established to meet the special needs of Butler County and Southwestern Ohio residents with severe mental disorders. Here local residents can receive the treatment they need with closer proximity to their home and community support system.

With professionally certified staff and a nurse on every shift, Great Miami Services is a transitional residence for clients as they stabilize for a successful return to their community.

WHO WE SERVE

Anyone with mental illness either post or prior to hospitalization to who may need med adjustment

Individuals who are not psychotic enough for hospital admission but not able to manage at home

Families who need a temporary respite location for an adult child with mental illness

Doctors & Psychiatrists may send a patient to Great Miami Services to monitor during medication changes for safety

There is conclusive evidence that shows that treatment decreases the illness' duration and chronicity and helps control relapses.

Individuals with **Bipolar Disorder** are **50%** more likely to relapse one year after a manic episode.

Approximately **70%** of people with **Schizophrenia** or **Schizoaffective** disorder who are not on anti-psychotics relapse over a one-year period.

Patients who continue to take their medication for at least six months after recovery from **Major Depression** are **70%** less likely to experience a relapse.

WHAT SETS US APART?

Education of Psychotropic Medication | We help residents develop an understanding of side effects & medication management and we follow up with them after their stay to make sure they are successfully maintaining their medication.

Life Skills Classes | It is important for residents to develop effective pro social behavioral skills. We offer classes on managing mental illness, anger management, making better choices, and effective communication skills.

Men's Group & Women's Group | residents meet weekly for comfortable peer support.

Care Conferences | Every other week the resident will meet with a comprehensive care team. This team may include psychiatrist, probate monitor, case manager, wraparound coordinator, family members as needed.

Set for Success | Prior to discharge we work with the client to proactively plan next steps for maintaining success and we discharge to the appropriate setting for the resident.

24-Hour LPN/RN | A nurse is always on duty to coordinate both medical and psychiatric care.

Health & Wellness | CBH clients are seen weekly by our on-site physician or clinical nurse specialist .

Hospital Location | Provides convenient access to hospital resources including lab work, nutrition counseling, diabetic education and more.

Comprehensive Connection | Upon program completion opportunities for success are extended through other CBH programs like Employment Case Management and outpatient Family Counseling.

REQUIREMENTS TO BE COMPLETED PRIOR TO ADMISSION:

- A qualifying primary mental health diagnosis must be documented.
- A review of the potential resident's chart and an on-site interview with the resident and a caregiver will occur.
- Medical history and physical completed 30 days or less from entry and signed by a physician.
- Potential residents must be willing to take prescribed medications with minimal intervention- a list of current medications must be provided.
- Individual Service Plan from Case Manager
